NURAX - TESTIMONIALS

Rheumatoid arthritis

I am a female at 48 years old. 9 years back my GP has diagnosed me with Rheumatoid arthritis. I was a nurse in hospital but could not continue duty because of my disabilities.

My small joints of both upper and lower limbs are swollen and disfigured with pain. I was suffering from pain at the night time too. My appetite and hemoglobin were low. Doctor told it is a part of Rheumatoid arthritis. My muscle wasting was also progressing as I was not using it much. I was almost bedridden and could walk only with support. My blood work was positive to Rheumatoid arthritis in spite of medication. I have almost given up hopes.

I should say my luck has turned when one of my close friends informed me about **NURAX** and **VASKO**. Her relative was suffering from Rheumatoid arthritis and were using the same. With the help of my husband I visited your website. He was not encouraged seeing the details because it was too good to be truth.

However we decided to try our **NURAX** and **VASKO** as we didn't had other options. I started taking **NURAX** and **VASKO** from the next week. I didn't find and significant results in the first 45 days. I contacted the company herbalist and he advised me to continue the same for few more months. After 2 months I started noticing changes. At first I could not confirm it because of **NURAX** and **VASKO**. But thereafter my improvement was much faster. My pain was relieved in a great extend, the sleep was getting better, my appetite increased and bowel habits improved. Even my gastric tolerance to the chemical drugs became better.

We were really encouraged with my improvements and slowly reduced my prescription drugs. By the end of fifth month of **NURAX** and **VASKO** I had only minimal pains and swellings. I went for my next blood work and G.P was amazed seeing the improved results. G.P. was happy to see my changes as I had told him these herbal therapy.

Today after six months I am on the top of the world. Still continuing **NURAX** and **VASKO** regularly. I will be back to my work after few more months of rest. I don't have words to thank you for the help. I recommend **NURAX** and **VASKO** for any one who is suffering from Rheumatoid arthritis.

Stress

Since last 5 years I am on hypertensive medication. Now I am 45 yrs old. I am a CPA working in a manufacturing company and my job satisfaction was very low. I have lots of stress from my superiors and associates. Sleep with nightmares was usual.

My doctor increased the dosage of prescription medicine TENORETIC. Fatigue and body pains were in the incremental phase. Other blood parameters were normal.

I was diagnosed as in "state of stress". I happened to hear about an anti-stress herbal formula from one of my friends. My friend told me that he is getting better sleep after 4-5 days of taking **NURAX**. I finally ordered **NURAX** to try it out myself.

It took only 10 days for me to notice some changes in my sleep pattern. I had more chances of concentrating my work. I started feeling my stress level going lesser everyday. The body pains and fatigueness were also totally disappeared after a month.

NURAX changed my outlook. I am more than happy to recommend **NURAX** to any one who is suffering from stress related disorders.

Poor erectile function

I am 59 yrs male with poor erectile function for last 2 to 3 yrs. I didn't have high blood pressure or diabetes. I was not a smoker too. I was practicing an unhealthy lifestyle in food habits. That was the only explainable reason could be put forward.

Somehow I happened to see your website and saw the details of **NURAX**. I have ordered 3 month course of supplements **NURAX** and **VASKO**. I didn't find any significant result in the first month but the second month I could feel the changes.

This is my 5 th month taking **NURAX** and **VASKO** . I am more than happy to say that I got the desired benefit taking your supplements. Thanks you for the help.
