NUTRALGIN - TESTIMONIALS

Back Pain and enlarged prostate

I am 70 yrs old male diagnosed with "lumbago". I was on pain killers and had to stop as my stomach couldn't tolerate it. A C.T. scan report of the low back spines showed multiple intervertebral disk dehydration and osteophyte formation that compress the nerve roots .

Surgery was the ideal as my age didn't agree . I also had enlarged prostate that gave me many time urination especially at night. It was tested and excluded any cancer.

My son brought information from the internet about your products. We ordered **NUTRALGIN** at the first. I started using it and had some pain relief. Further I was studying more about your products and email consultation with your herbalist, he recommended me to take **VASKO** and **NURAX** along with external application of **NUTRALGIN** .

After a month of all 3 products, I could lie down with less backache and reduced the numbers of urination that gave me an undisturbed sleep. Two months after my total health was improving.

This is my sixth month of using your products and now it is a surprise that my both the problems, backache and prostate are almost nil. I never expected such change by using the herb that could do. Anyhow my best wishes for success to millions who are suffering from pain.

Knee injury and pain

I am a house wife. I happened to fall in my garden due to slippery. My outstretched right hand and knees were injured, no bony fracture but had few abrasions. I had your herbal oil called **NUTRALGIN** at home as my father-in-law was using it. I applied over the affected areas and gave a smooth massage. My surprise, after 30 minutes the pain was disappeared. Usually this type of pain will be there few days. Moreover next day I got up without any difficulty. When I remembered about the incident it astonished me. The abrasions were healing without any pain or signs of infection. I ordered more **NUTRALGIN** to keep as a home remedy for any injury, burns and muscle pain. Thanks you for the help.
