Ayurvedic Herbal Dietary Supplement Cleans Vascular System

VASKO, a vascular-cleaning herbal dietary supplement, uses an ancient Ayurvedic formula from India to naturally and efficiently unclog arteries, reduce high cholesterol and high blood pressure, and reverse arthritis.

(PRWEB) January 15, 2005 -- The Chavarcode family, renowned for their history of studying Ayurvedic medicine for generations, has introduced an [herbal dietary supplement](#) to America that has been shown to be an effective vascular-cleaning formula. By cleansing the vascular system, this herbal dietary supplement, VASKO, can reduce cholesterol and blood pressure levels, unclog arteries, and reverse arthritis.

"VASKO is not a medicine, but a [natural herbal dietary supplement](#) without any chemicals or preservatives," said Roy Chavarcode of [www.ultimateayurveda.com](#). "It is a holistic system that works by utilizing and building on your own immune system, and works on so many levels that it helps solve many problems at once."

The VASKO [herbal dietary supplement](#) does not address symptoms; rather it gets to the problem by working with the immune system, producing holistic balance to achieve the desired results. Noticeable results are normally achieved by the first bottle, which contains a month's supply of the herbal dietary supplement.

Greg Greenwood from Las Angeles, Calif., is 46 and had a history of hyperthyroidism, irregular heart rhythmus, atrial fibrillation, and other problems until he began taking the herbal dietary supplement. "After about one month's time I noticed that my heart did not have any more irregular heart beats and my system seemed to normalize. ...My medicine for hypothyroidism needed to be cut down; in fact I have had to cut it down so drastically that I take a fraction of what I used to take. This seems to fly in the face of western medicine, but I cannot dispute the results of what I am experiencing."

There are several testimonials for the results and relief that VASKO [herbal dietary supplement](#) has provided for people in America and India at [www.ultimateayurveda.com](#). There is also free information available about the herbs used to create VASKO, and a brief history of Ayurvedic medicine and the Chavarcode family.

VASKO [herbal dietary supplement](#) is available for purchase in both one month and three month supplies at [www.ultimateayurveda.com](#). They offer a 30-day money-back guarantee, no questions asked, to unsatisfied customers.

About VASKO

VASKO is a natural herbal dietary supplement hand-made by Ayurvedic

physicians who are licensed medical doctors. It is made in the South Indian state of Kerala, India. The VASKO Ayurvedic system has been used for more than 150 years and is designed to bring uniformity to the entire body, not just one particular organ or symptom. This herbal dietary supplement is a formula derived from the Indian classic called "The Ashtangahridaya" and time tested by Chavarcodes Ayurvedic physicians.

VASKO herbal dietary supplement helps avoid joint replacement (knee and hip), high cholesterol, high blood pressure, cardiovascular accident, cerebral vascular accident, osteo-arthritis (joint pain), rheumatoid arthritis, varicose veins, gangrene, retinopathy, and can reverse arthritis and chronic arthritis. VASKO herbal dietary supplement also helps reduce fat levels in blood and body.

Results may vary among users. The FDA has not evaluated these statements. Products featured here are not intended to diagnose, cure, prevent or treat any diseases and should not substitute treatment by a registered medical practitioner.
