

CELLULITECLEAR

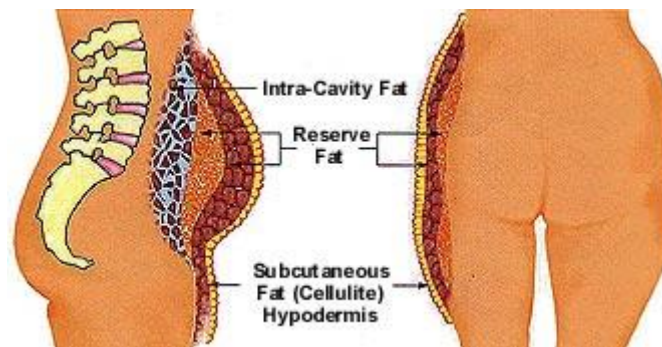

TRADITIONAL INDICATIONS

1. Adiposis edematosa
2. Dermopanniculosis deformans
3. Status protrusus cutis
4. Gynoid lipodystrophy

Cellulite describes dimpling of skin, caused by the protrusion of subcutaneous fat into the dermis creating an undulating dermal-subcutaneous fat junction adipose tissue that is commonly found on the thighs, stomach, lower limbs and buttocks. Cellulite is the herniation of subcutaneous fat that is stubborn deposit. Descriptive names for cellulite include orange peel syndrome, cottage cheese skin, the mattress phenomenon, and hail damage. The puckering of skin happens when the layer of fat beneath the skin pushes against connective tissue and bulges, causing the orange-peel or cottage cheese appearance.

How it works?

Our 100% natural herbal food supplement **CELLULITECLEAR** helps your system to work in 3 different ways;

1. The subcutaneous fat is selectively mobilized for burning to release energy. This reduces the undue tissue tension inside the septal chambers.
2. The sclerosed connective tissue bands are repaired by laying parallel fibres of new collagen. This gives back its stretching tensile strength. Therefore, the dimples disappear.
3. The extra overloading of water is reduced as total hormonal axis is balanced that includes aldosterone and estragon-progesterone.

To summarize, the basic pathology of cellulite formation in women can be easily reversible with the help of the **CELLULITECLEAR** herbal food supplement.

CELLULITECLEAR

Cellulite is a cosmetic skin defect of female, especially of their private areas like thighs, buttocks and hip. The skin looks lumpy and dimpled. Cellulite occurs in 90% of most post-pubescent women. This has a negative sex appeal factor.

It is rarely seen in males. Cellulite is not related to being overweight; average and underweight people also get cellulite.

How it occurs

Cellulite commonly appears on the thighs, buttocks and hips but is not caused by being overweight. Cellulite appears in the subcutaneous level of skin tissue. Fat cells are arranged in chambers surrounded by bands of connective tissue called septae. As water is retained, fat cells held within the perimeters of this area expand and stretch the connective tissue. Eventually this connective tissue contracts and hardens (sclerosis) holding the skin at a non-flexible length, while the surrounding tissue continues to expand with weight, or water gain.

This results in areas of the skin being held down while other sections bulge outward, resulting in the lumpy, 'cottage-cheese' appearance.

What are the symptoms?

- Lumps and bumps around thighs, hips, and love handles
- Trapped waste and fluid in pockets beneath the skin.
- There may be soreness and tenderness when the skin is massaged.

Other effective remedy for cellulite?

Liposuction, massage, weight reduction techniques, and surgery - all are not ideally not effective.

DOSAGE and DIRECTIONS

For Adults 18 yrs or older, take one (1) Capsule two times daily (every 12 hours) on empty stomach with lukewarm water.

For best results, no food should be taken 30 minutes before or after taking **CELLULITECLEAR**.

Take optimum water to enhance elimination of released metabolic toxins from the body.

Please read Healing Crisis for more information.

INGREDIENTS

Supplement Facts		
Serving Size : 1 Capsule (500 mg each)		
Servings per container: 60.		
Each Serving contains		%DV
Andrographis Paniculata	50 mg.	*
Moniera Cuneifolia	30 mg.	*
Merremia Tridentata	30 mg.	*
Boerhaavia Diffusa	30 mg.	*
Cyperus Rotundus	30 mg.	*
Azadirachta Indica	30 mg.	*
Tribulus Terrestris	30 mg.	*
Emblica Officinalis, Terminalia Chebula, Terminalia Belerica	90 mg.	*
Tinospora Cordifolia	90 mg.	*
Vateria Indica	90 mg.	*
* Daily value (DV) not established.		

1) *Andrographis Paniculata* :- This is an herb who's wholesome is advised for herbal medications and bitter in taste. It rapidly increases the liver and pancreas secretions. Fat burning is very much augmented. Stimulates humoral and cell mediated immunity.

2) *Moniera Cuneifolia* :- This is a water plant, used for hormonal harmony. It improves neuronal metabolism that paves for sharp memory also. In cellulites oedematous fat compartments reverse to normal as the related hormonal imbalance is corrected with this herb. Moreover, it can induce regeneration to cellulite septal connective tissues also. Its anti-inflammatory and enhance wound healing.

3) *Merremia Tridentata* :- This small herb is a creeper. The total plant is used as a connective tissue repairing one. It's also anti-inflammatory that reduces the intracellular tension. Skin complexion enhancing effect can mask the old orange peel appearance.

4) *Boerhaavia Diffusa* :- The extract of its dried roots soothes the stomach. Famous for acid-dyspepsia. Protects liver and stomach, burn body fat at liver by stimulating liver enzymes. This has diuretic effect that checks serum electrolytes from the body. This decongestive effect can reduce tissue tension inside the cellulite compartments. More over it is an anti-aging by regenerating the collagen of skin and the septal compartments of cellulites that helps to relieve the tension.

5) *Cyperus Rotundus* :- It reduces body and blood fat on long term use. Regulates bowel movements and intestinal microbial flora. Systemic blood pressure and heart rate are reduced to optimum as it soothes and calms the mind. Natural intestinal flora is important to keep the bowel health optimum that reflects the systemic state of well-being. This can help to assimilation and absorption of balanced nutrients which is essential to keep the skin complexion.

6) *Trichosanthes Anguina* :- It is a fast-growing creeper whose leaves and stem are very bitter in taste. The whole dried plant is taken for herbal medicine making. The extract is effective in burning out extra fat depots of body. It reduces blood fats like triglycerides and cholesterol also. This augments immunity and regulates hypothalamo-pituitary axis to normal. Liver enzymes are stimulated and fatty liver, if any, is cleared. Decongestive effect contributes to remove the edema associated within the cellulite compartments.

7) Tribulus Terrestris
:- The dried fruit of Tribulus Terrestris is famous for the diuretic effect reduces the decongestion of the cellulite compartments can mask the skin appearance better. It

has a positive effect on the central hormonal axis to altered hormone levels. Tribulus Terrestris also reduced blood sugar and cholesterol and increased sexual function and libido.

9) Vateria Indica This protects stomach layers and liver cells, stimulates bone marrow activity to produce fresh and healthy cell series.

It enhances humoral and cell-mediated immunity. Cell-mediated immunity is an immune response that does not involve antibodies. Rather, cell-mediated immunity is the activation of phagocytes, antigen-specific cytotoxic T-lymphocytes, and the release of various cytokines in response to antigen. Fat lowering alkaloids in the Tinospora Cordifolia reduces fat tissue strain in cellulite. The long term use of Tinospora Cordifolia results in better functioning of the liver and therefore longevity. Tinospora Cordifolia is very effective for reversing Fatty liver.

8) Emblica Officinalis, Terminalia Chebula, Terminalia Bellerika :- These are the famous 3 fruits known as "Triphala". It is an Ayurvedic formula for many diseases including constipation, vitamin deficiency.

Tannins are derivatives of gallic acid. The major vitamins are Tannins and vitamin C. The vitamin C from this formula is abundant and the bioavailability is superior considering the synthetic form of Vitamin C. It is also heat resistant to maintain the chemical structure of vitamin C.

The combination of these 3 fruits, the Triphala has abundant antioxidants and micronutrients to dissolve fat deposits inside vascular and non-vascular channels in the body. It protects the liver, stimulates its microsomal enzymes and fat burning. The extract of the 3 fruits increases the cellular metabolic activities inside cells and maintain the thin body and soft skin.

10) Vateria Indica :- Vateria indica, the white dammar, is a species of plant in the family of Dipterocarpaceae. It is endemic to India. The crystallized form of latex is medicinal for burning fat in the liver and other cells. Regenerating collagen is the major action to reduce cellulite. This action relieves tension in fat tissues at cellulite compartment.

TESTIMONIALS

I don't usually do testimonials but this is definite Exception. I am actually happy to be able to write a testimonial so that I can help other women find your herbal food supplement CELLULITECLEAR. I truly believe in this product, as I have seen the incredible results first hand. For so many years I have been trying every product on the market to reduce my cellulite problem. I cannot even begin to tell you how much of my money was wasted on products that promised results for reducing cellulite, but never delivered on their promises. I was so reluctant to invest any more money in these products until I found your website and reviewed it. I only wish that I had known about CELLULITECLEAR years ago. I could have saved money and time and seen results a long time ago. Still I am thankful for finding it when I did. And because it is all natural, I don't have to worry about side effects or health risks. That is also a huge positive for me.

I've been taking your **CELLULITECLEAR** for the last 4 months now and have seen a very large decrease in my cellulite problem. I never ever thought that could happen.

Lisa Kalmer, Texas

My name is Emma Schmidt. I am 45 yrs. old and I live in New York. My body type makes me heavier on the lower end (Hips, Legs and buttocks). I developed an increasing amount of cellulite over the years in my upper thighs and buttocks. It began being noticeable to me after the delivery of my first child. The cellulite "dimpling" worsened and spread slowly and this became a source of shame for me. The family doctor recommended I see specialist for advice. The specialist recommended the usual exercise and diet control. I tried my best to follow the instructions of my doctor but every year the cellulite was increasing. My Mother also had the same problem so I assume it's genetic and figured I would most likely have to just live with it. It was really a terrible feeling.

I never expected in a million years that **CELLULITECLEAR** would work so successfully and in such a short period of time. After 45 days of taking it, the Cellulite in all of my problematic areas, was slowly disappearing. Now it has been 4 months since I began using **CELLULITECLEAR**. For the first time in my life, I feel confident that I can actually be completely cellulite free. To be truthful, I have not been regularly exercising or and my diet is still a struggle. It seems that even without those proponents, taking the **CELLULITECLEAR** that you recommended is working regardless.

I've since done some research on Cellulite and even noticed on my thinner friends, that cellulite is a problem for woman of all ages and body types. Thank you very much for your wonderful formula. It has changed my life and given me a new sense of personal confidence. I have told all of the ladies I know about it and after seeing the results it's had on me, they are about to place a lot of orders.

Emma Schmidt, New York

First let me thank you from my bottom of heart for such a wonderful supplement for cellulite. I am 39 yrs old female from Bombay, India. I am using **CELLULITECLEAR** for last 6 months. I was tired of using many products for my cellulite. Since last few years I have consulted several therapies and doctors but they never could give me a result that I got from **CELLULITECLEAR**.

Since last 3 months I am noticing the changes at my private areas skin surface. I am regaining the original smoothness of my skin that I had years back. The bulges and pits on my thighs are gone as well. My beautician was surprised to see my result and she wants to be you distributor.

Once again I sincerely appreciate the marvelous effect of your formula for cellulite. I feel **CELLULITECLEAR** has anti-aging property for the skin as I have seen changes in my total skin. I am really grateful to you and recommend **CELLULITECLEAR** to every female at my age.

Anu Agarwal Bombay, India

Hello sir,

I am Susan Millsaps 33 yrs old from England. Seven months back I bought **CELLULITECLEAR** from your online store for my cellulite problem. I had very bad time at my family due to my cellulite problem. My husband is very concerned about my body. He was very upset with me when the cellulite re-appeared after a costly liposuction he spent for me. I was sure he might have divorced me as I noticed his disinterest unlike before. **CELLULITECLEAR** is really a great product - I am daring enough to say so, as it saved my future. The doctor who did my liposuction told me that the recurrence of cellulite is causing by the hormonal imbalance in my body and he was unable to help me for the same. In that frustrated situation I was frantically searched for an alternate treatment. I thank God for bringing me to your website. Anyhow, now I am the happiest wife to be free from the incurable cellulite. Thank you very much and I am going to continue **CELLULITECLEAR** for some more time.

Susan Millsaps Staffordshire, UK

Few months before I started **CELLULITECLEAR** recommended by one of my friends who used the same. I am a swimming athlete and now a trainer, 40 years old. Because of dimples and bumpy looks at my thighs, I restricted me to be in the pool with swimming costume. It was uncomfortable as friends commented often. The term cellulite I learned after I got it myself in spite I am an athlete. I was disappointed learning that no definite or effective remedy is available for cellulite. I was sure to lose my career as a trainer.

Meanwhile my friend who suggested **CELLULITECLEAR** has given me your website address. I looked at your website but I never expected such a result. I placed the order only because to please my friend as she was strongly recommending.

After few month time I was thrilled to inform the result to her but she was not surprised as she had

recommended **CELLULITECLEAR** to few other friends who had similar results. Now I am convinced and happy to announce the world that **CELLULITECLEAR** is the best for cellulite treatment.

I trust all of your products and believe that you have a collection of best products. My husband was suffering from cholesterol and high blood pressure since he was 40 years old. He also had few varicose veins. After 3 months of **VASKO** his cholesterol dropped to normal and his varicose veins disappeared. Now after a long years time again he is wearing shorts for his morning walk.

I am so happy and I love GurusGarden.com!!!

Martha Wilmore, Tennessee

HEALING CRISIS

The healing crisis is a process in which the body undergoes an intense period of cleansing and rebuilding. It is called a "healing" crisis because the body is healing and becoming stronger. It is referred to as a "crisis" because the symptoms can be dramatic and rather unpleasant during the early time. Because the healing crisis is accompanied by unpleasant symptoms it is often mistaken as an increase in the sickness. Common symptoms include nausea, diarrhea, sinus congestion, muscle aches and pains, headache and fatigue. The crisis generally lasts only a few days. In reality, it is just the opposite. It is a process in which the body is overcoming ill health and becoming healthier and stronger.

1. Unexplained tiredness on the initial period is possible in selective cases. While taking **CELLULITECLEAR**, it releases lots of toxins from the cells into the system. This is also a part of healing crisis. Take optimum water to enhance elimination of these released toxins from your body and take rest for few days.
2. While taking **CELLULITECLEAR**, some people may experience breathing congestion or breathing incorrectly due to the release of toxins in the respiratory system. Reduce the dose of **CELLULITECLEAR** to two in the morning and two in the night for two weeks till respiratory congestion is over and increase the dose to three thereafter.
3. **CELLULITECLEAR** is a time tested herbal food supplement. There are no significant allergies or side effects noticed. However, the ingredients in **CELLULITECLEAR** can affect Pituitary Gland, Pineal Gland and Thyroid Gland in your body. Therefore, people suffering

from hypothyroidism or Hyperthyroidism or Atrial Fibrillation should take very small dosage to start with. One capsule in the night for two weeks - one each in the morning and night for next two weeks - two each in the morning and night for next two weeks before taking the full does.

4. Some cases you may not physically feel any of the above healing crises at all. But after few weeks of taking **CELLULITECLEAR**, you will notice the changes in the cellulite effected area. As the body fat is selectively burnt than the glucose fuel, more energy is released. (One gm. glucose release 4.5 calories whereas 1 gm fat give 9 calories)
5. Take optimum water to enhance elimination of released toxins from the body. (plain water)

The real result will be noticed after 8 to 12 weeks of continue usage of **CELLULITECLEAR**.

Side effects: - There are no known side effects.
