## TESTIMONIALS

### Rheumatoid arthritis

I am a 48 year old Female. I am a former nurse. After being in a tremendous amount of pain in my bones and joints for the longest time, about 9 years ago I was diagnosed me with Rheumatoid arthritis. The pain that I was suffering made it impossible continue my job as a Nurse due to my disability. My small joints of both upper and lower limbs are very swollen and I have become increasingly disfigured in those areas. The pain was day and night with no relief. My appetite was diminished and testing showed that my hemoglobin was also low. The doctor explained that this was all a part of living with Rheumatoid arthritis. My muscle mass was decreasing rapidly as I was unable to use them as much. At one point I was bedridden and could only walk with some kind of support. Despite being put on strong medications, My blood work was still showing me as positive for Rheumatoid arthritis. I had almost given up hope.

My luck changed the day that one of my close friends told me about your website and specifically your products, **NURAX** and **VASKO** . Her Aunt had suffered terribly from Rheumatoid arthritis and found your products and has not been the same since. My husband and I visited your website. He was a bit skeptical after reading the description and reviews because for him it sounded too good to be true. I was also a skeptic but I was in so much pain that I had to nothing left to lose. It was working for my friends Aunt , so I thought it was worth a try. It turned out to be a miracle for me.

I started taking **NURAX** and **VASKO** one week later. I didn't see any significant results in the first 45 days but the company herbalist told me to expect that . He advised me to continue using it for a few more months. He was so right. After 2 months more, I started noticing changes. My pain was relieved to a great extent, it was unbelievable. I started being able to move my joints again and the inflammation decreased rapidly. The quality of my sleep was very much improved and my appetite and bowel movements went back to normal. Even my gastric tolerance to medications for other health issues I was having become better.

We were really encouraged by my drastic improvement and I slowly reduced my prescription drugs. By the end of fifth month of **NURAX** and **VASKO** I had very minimal pain and swelling. I went in for new blood work and the results were astounding. The Doctor was amazed to see my improvement, especially after hearing that it was all due to herbal therapy.

Today after six months I feel as if I am on top of the world. I am still continuing **NURAX** and **VASKO** regularly. There is no way I would stop after seeing the quality of my life change so much for the better. I will be going back to my profession as a nurse after few more months of rest. I could not possibly find the right words to thank you for all that you've done for me. **NURAX** and **VASKO** have changed my life and I'm no longer being paralyzed by Rheumatoid arthritis. To all those struggling with RA. There is hope. I have seen it with my own eyes.

Stress

Since last 5 years I am on hypertensive medication. Now I am 45 yrs old. I am a CPA working in a manufacturing company and my job satisfaction was very low. I have lots of stress from my superiors and associates. Sleep with nightmares was usual.

My doctor increased the dosage of prescription medicine **TENORETIC**. Fatigue and body pains were in the incremental phase. Other blood parameters were normal. I was diagnosed as in "state of stress". I happened to hear about an anti-stress herbal formula from one of my friends. My friend told me that he is getting better sleep after 4-5 days of taking **NURAX**. I finally ordered **NURAX** to try it out myself.

It took only 10 days for me to notice some changes in my sleep pattern. I had more chances of concentrating my work. I started feeling my stress level going lesser every day. The body pains and fatigueless were also totally disappeared after a month.

**NURAX** changed my outlook. I am more than happy to recommend **NURAX** to anyone who is suffering from stress related disorders.
