Withania Somnifera is the scientific name of Ashwagandha. The name Ashwagandha is because of its odour similar to that of the horse. This is known as Indian Ginseng, as it has similar properties in the case of tranquilising, energizing, immunomodulation, stress relieving etc, as is the case with Ginseng of Chinese medicine. Withanolides are the major constituents among the many phytoconstituents present in Withania Somnifera.

The famous herb Withania Somnifera is traditionally used in Ayurveda for rejuvenation, reduction of inflammation, enhancing immune functions, improving the Thyroid function, boosting the sexual performance and treating Dementia and Alzheimers Syndrome.

Withania Somnifera has been subjected to extensive research with modern scientific methods, which has shown that it is highly effective against nervousness, insomnia, anaemia, debilities, rheumatic pains, impotence and infertility too.

ANTI CANCER effect is the most relevant characteristic found in Withania Somnifera, which should be utilized fruitfully for the benefit of the posterity. The world has changed its mindset in favor of Herbal Medicines for fear up cytotoxic effects of modern medicine. This has caused the initiative among the scientific community to pursue creative research in the line of treatment of Cancer, with Withania Somnifera, which is being proved positive.

The Scientists of International Institute of Herbal Medicine, Lucknow and of "Carol Davila" University of Medicine and Pharmacy, Romania had done extensive and intrinsic research in the line of benefits of Withania Somnifera, with heartening positive results, which will help the humanity to utilize the Anti Cancer properties of Withania Somnifera.

The molecular structure of the six important constituents present in Withania Somnifera are shown below.

The various types of Cancers against which these constituents of Withania Somnifera have got highly positive effect are

1. Colon Cancer
2. Lung Cancer
3. Blood Cancer
4. Breast Cancer
5. Skin Cancer
6. Renal Cancer
7. Prostate Cancer
8. Pancreatic Cancer
9. Fibro Sarcoma

In this context it is worth noting the words of famous scientists Andreas Moritz saying in his books "CANCER IS NOT A DISEASE" published in 2008 AD. He has quoted the words of the experienced Oncology Professor Dr. Jones as stating that his studies have proven conclusively that a Cancer patient, who refuses Chemotherapy and Radiation Therapy lives for a period, which is longer by FOUR TIMES than those treated with Chemotherapy and Radiation; even including the cases of Breast Cancer.

These words have great relevance in pursuing Herbal Medicine as a better alternative, which emphasizes the inevitable importance of resorting to **WITHASOMA**, a product of Withania Somnifera, the Miracle Herb.

WITHASOMA, the Herbal product of choice, is the extract of Withania Somnifera's major active ingredients: Withanolides, Concentrated to Withaferin A, Withanoside V, 12-Deoxy Withastramonolide, Withanolide A and Withanolne.
